ABOUT THIS PRODUCT

Introducing the Skye Hair Dryer, designed for quick and efficient hair styling right from your hotel guest room. Featuring Ionic technology to reduce frizz and an LED heat indicator, it offers 2 speeds and 4 temperature settings for customizable drying. The magnetic removable filter and straight cable ensure easy use and maintenance. With an impressive 100,000 RPM, this hair dryer dries hair faster while using less energy. Achieve beautiful results in no time while contributing to a more environmentally friendly future for your hotel!
